Web 2.0 Toolbox from Joyce Valenza

Webtools4U2Use http://webtools4u2use.wikispaces.com/
Created by Dr. Donna Baumbach and Dr. Judy Lee
Description from the site about its purpose:
The purpose of this website is to provide a place for K-12 school library media specialists to learn a little more about web tools that can be used to improve and enhance school library media programs and services, to see examples of how they can be used, and to share success stories and creative ideas about how to use and integrate them. Hundreds of free and inexpensive web tools are available for school library media specialists to use that can make us more productive, valued, and, perhaps, more competitive.~~~

Powers of Persuasion
